NATIONAL INDUSTRIAL RECOVERY BOARD,
By G. A. LYNCH, *Administrative Officer*.

Approval recommended:

Acting Division Administrator.

WASHINGTON, D. C.,
October 31, 1934.

REPORT TO THE PRESIDENT

The PRESIDENT,
The White House.

SIR: The Code Authority for the Dress Manufacturing Industry submitted on July 26, 1934, two proposed amendments to the Code of Fair Competition for the Dress Manufacturing Industry.

As these amendments were short and simple and consistent with the policy of the Administration a Public Hearing was considered not necessary and in lieu of the Public Hearing a Notice of Opportunity to be Heard (Administrative Order No. 64-17) was printed and distributed in the same manner as a Notice of Public Hearing. The date of August 13, 1934, was set forth in this Notice of Opportunity to be Heard as a deadline on which to receive objections or criticisms to these amendments. Up to and including August 13, 1934, no objections or criticisms were received.

The first amendment amends Article VI of the Code, allowing the Code Authority and any of its agencies or divisions to incorporate under the laws of any state of the United States or the District of Columbia.

The second amendment amends Article IX of the Code and makes the bribery or attempted bribery of any employees of the Code Authority a violation of the Code.

In final form these amendments were approved by the Industrial Advisory Board, the Labor Advisory Board, the Consumers' Advisory Board, the Legal Division and the Research and Planning Division of the National Recovery Administration.

The Deputy Administrator in his final report to me on said amendments to said Code having found as herein set forth and on the basis of all the proceedings in this matter:

I find that:

(a) The amendments to said code and the Code as amended are well designed to promote the policies and purposes of Title I of the National Industrial Recovery Act including the removal of obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof, and will provide for the general welfare by promoting the organization of industry for the purpose of cooperative action of labor and management under adequate governmental sanction and supervision, by eliminating unfair competitive practices, by promoting the fullest possible utilization of the present productive capacity of industries, by avoiding undue restriction of production (except as may be temporarily required), by increasing the consumption of industrial and agricultural products through increasing purchasing power, by reducing and relieving unemployment, by improving standards of labor, and by otherwise rehabilitating industry.

(b) The Code as amended complies in all respects with the pertinent provisions of said Title of said Act, including without limitation sub-section (a) of Section 3, sub-section (a) of Section 7 and sub-section (b) of Section 10, thereof.

(c) The Code empowers the Code Authority to present the aforesaid amendments on behalf of the industry as a whole.

(d) The amendments and the Code as amended are not designed to and will not permit monopolies or monopolistic practices.

(e) The amendments and the Code as amended are not designed to and will not eliminate or oppress small enterprises and will not operate to discriminate against them.

(f) Those engaged in other steps of the economic process have not been deprived of the right to be heard prior to approval of said amendments.

For these reasons these amendments have been approved.

For the National Industrial Recovery Board:

G. A. LYNCH,
Administrative Officer.

The powers, objects, and purposes of the said corporation or corporations shall in all respects be limited to the powers, objects and purposes of this Code Authority and the Industrial Adjustment Agencies as provided in this Code and rules and regulations issued thereunder, and amendments thereto."
